The map displays a geographical area with several major roads highlighted in orange and yellow. A red star marks the location of Trenton. The map is part of a web application with various layers and controls. A red arrow points from the text box on the right to the map area.

**Step 3: Make sure you have selected the correct municipality.**

**Step 4: Expand the HMFA tab to reveal the program layers. Check the box next to “Smart Growth Areas” and click the refresh button to draw the Smart Growth layer on the map.**

**Step 5: Identify the Smart Growth Areas within the municipality boundary.**
